SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

May 2022 CDPH MHCC Event Activation

The California Department of Public Health (CDPH) has activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May National Infant Formula Shortage Event and the 2022 May Monkeypox Virus Event.

- Hours of Operation: Monday to Friday from 0800 hours to 1700 hours

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

June 2022, Summit of the Americas, City and County of Los Angeles

On 06/06/22 to 06/10/22 the 2022 Summit of the Americas is taking place in the City and County of Los Angeles.

- Convening of international leaders from North, South, and Central America, and the Caribbean.
- Cal OES Southern Region staff will monitor and support the City and County of Los Angeles throughout the event.

Activations

- Los Angeles County, Level 2 (Hybrid), 1000 – 2200 hours
- City of Los Angeles, Level 3 (Virtual/Hybrid), 1000 – 2200 hours

Deployments

- 1 Cal OES Southern Region Senior Emergency Services Coordinator (SESC) - City/County of Los Angeles EOC (Virtual)

COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

- For more information: [CDC Travel Guidelines](#)

Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/01/22 at 1630 hours:

- 8,955,662 total confirmed cases.
 - 102,164 Delta
- 90,719 total deaths.
 - 231 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

Risk Levels	Little to None		Minor	Moderate	Major		Extreme

Weather Key Points

Regional Operations Center

Western Region

Tuesday, June 7

- Temperatures will steadily warm for the majority of the state through late week and the weekend
 - High temperatures across the inland southern deserts will range from 105 to 115 degrees many days, while readings across the Central Valley peak in the 100 to 105 degree range on Friday
 - Moderate to high heat risk impacts are likely for many areas of the state, with the hottest temperatures and greatest impacts occurring Thursday through Saturday
- Locally breezy conditions will be persistent in and around many mountain and foothill locations through the weekend, bringing periods of locally elevated fire weather conditions. Winds will become a little more gusty and widespread for the weekend and may result in some local critical fire weather conditions
- Mainly dry weather will occur statewide through early next week, though scattered showers and even a few thunderstorms are possible across far northern California later Saturday into Sunday

Dry conditions are expected through Thursday

Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Heat Risk

Regional Operations Center

Western Region

Tuesday, June 7

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

<https://www.wrh.noaa.gov/wrh/heatrisk/>

Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Tuesday, June 7

6-10 Day Outlook (June 12 - June 16)

Temperatures

- Above normal temperatures are favored to continue across central and southern California, with near normal temperatures favored across the north

Precipitation

- Near normal precipitation is favored for the majority of the state

8-14 Day Outlook (June 14 – June 20)

Temperatures

- Below normal temperatures are favored across far northern California, with above normal temperatures favored across the south

Precipitation

- Near normal precipitation is again favored for most areas

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Enforcement Missions

- **2022-LAW-78924, 06/07/22, 0326 hours:** The Marin County Sheriff's Office (MCSO), on behalf of Central Marin Police Department, is requesting two trailing dogs for an immediate response to assist in the search for a missing 10 year old juvenile male with developmental disabilities. The MP was at a local skate park Monday and was due home by 2030 hours but never returned. The last incident involving him was in March 2022 in which MCSO SAR was called out and located him a few hours later. For this incident, MCSO SAR teams have searched the school, skate park and his home to no avail. The MP is described as follows: White Male Juvenile, 10 yrs old, 4'11", 65 lbs, Blonde hair, Blue eyes, last seen wearing a black and blue North Face brand fleece jacket, blue camouflage pants, carrying a gray and red backpack, and riding a black bicycle with neon green handlebars. He has developmental delays, likes to hide, and doesn't communicate well with strangers. LDO contacted and briefed CARDA Dispatch. **Update, 0430 hours:** while on the phone with the MCSO SAR Lead, he advised they just located the MP, safe and sound, on the bike trail. CARDA Dispatch notified. **MISSION CANCELLED.**
- **2022-LAW-78913, 06/06/22, 0853 hours:** The IERCC reported an inReach activation at coordinates 41.385133, -122.209575 plotting to Mount Shasta near Helen Lake. There was no message accompanying the activation and neither the IERCC nor LDO were able to make contact with the R/O of the device. LDO spoke with the listed emergency contact (E/C) who stated the R/O, along with her boyfriend and an unknown group, were on the mountain and expected to conclude their hike Sunday night or Monday. No other details regarding their itinerary were known. The last text message the E/C received was on Friday stating the weather was getting worse, but they were continuing up the mountain. The E/C added the R/O has no medical issues and is an experienced hiker. LDO briefed the Siskiyou County Sheriff's Office (SCSO) who initiated a SAR response. **Update, 1041 hours:** LDO contacted SCSO who advised they had a ground team and aviation resources responding. **1344 hours:** SCSO advised the rescue was completed with 2 taken to local hospitals with unknown injuries and 1 fatality (not the R/O). IERCC notified. **MISSION CLOSED.**
- **2022-LAW-78814, 06/01/22 at 0900 hours:** Nevada County Sheriff (NCSO) contacted the LDO and requested two side scan sonar equipped boats to search for one missing male in Scotts Flat Lake in Nevada County. IC and launching are at the Scott's Flat Lake gate #2 launch ramp, 2333 Scott Flats Road, Nevada City, CA. Butte Sheriff and Yuba Sheriff are both responding with one boat each with side scan sonar with an eta of 1400 hours. At 1726 hours, NCSO is requesting an additional boat with a towable sonar array and a C3 K9. LDO contacted Santa Clara Sheriff Office who will provide the additional boat with towable sonar array starting 06/02/22 at 0800. WOOF was unable to provide the C3 K9 team due to a schedule conflict. **Update, 06/02/22, 1655 hours:** NCSO advising MP was not located and all mutual aid resources have been released. NCSO is not requesting any additional assistance and will continue the search with in-county resources only. **Update, Mission Reopened 06/02/22, 1750 hours:** NCSO has not located the MP and is requesting a Water/HRD K9 team for an operational period on Monday, 06/06/22, with a 0800 briefing. Cal OES LEB coordinating the response. WOOF has accepted the mission and is coordinating with NCSO's IC. **Update, 06/07/22:** The K9's have completed their mission and been released. Search efforts continue with the side scan sonar resources. **MISSION ONGOING.**
